ISO 9001: QMS SCOPE

ACTIVITIES

datmedia operates in the cloud device technology market. The services it provides include:

- System design
- Hardware supply & installation
- Cloud Worker & Frontline Worker use cases
- Content Management System (CMS) software platform
- Touch screen applications
- In-store Music services
- LED Display supply & installation

KEY CONSIDERATIONS

Ensure we have the technical and development resources to keep up with market trends, client needs and our own requirements.

Maintain investment in sourcing and testing new hardware solutions for signage and interactive applications.
